REPORT OF THE COLLEGE COMMITTEE.

STUDENTS AND FEES.

SESSION 1916-1917.

The total number of Day Students who registered during the Session 1916–17 was 794 (including 14 Refugee Students), being a decrease of 115 as compared with the preceding Session. The number of ordinary Evening Students was 166 (including 2 Refugee Students), being a decrease of 58 as compared with the previous Session; 121 Officers and men attended the Evening Courses for members of H.M. Naval and Military Forces; and 159 other Students attended the Vacation Courses. Adding these together, the grand total is 1240 (including 16 Refugee Students), being an increase of 107 on the previous year. In the course of the Session, 40 men Students withdrew to join the naval or military forces; 15 Students (7 men; 8 women) withdrew to undertake some other recognised form of national service connected with the War. The Students were distributed as follows:—

(The numbers in brackets indicate the Refugee Students included in the totals.)

	Men.	Women.	Total.
I. Faculty of Arts	80 (1)	175 (3)	255 (4)
Department of Fine Arts	14 (1)	106 (1)	120 (2)

III. Faculty of Medical Sciences	63 (2)	..	63 (2)
IV. Faculty of Engineering	43 (5)	..	43 (5)
V. Faculty of Laws	14	2	16
VI. Post-Graduate and Research	121	68	189
Total	385 (10)	409 (4)	794 (14)
VII. Evening:			
(*a*) Arts	28	138 (2)	166 (2)
(*b*) Naval and Military Forces	121	..	121
VIII. Vacation	30	129	159
Grand total	564 (10)	676 (6)	1240 (16)

There were 345 registered Internal Students of the University, compared with 423 in the previous year. The geographical districts from which the Students came are given in Appendix I. (see p. 46).

The total fees available for the service of the Session 1916–17 amounted to £14,027 19*s.* 9*d.*, a decrease of £955 3*s.* 2*d.* on the previous Session.

THE CURRENT SESSION (1917–1918).

The number of Students who have completed their registration and paid fees up to January 31st, 1918, is 758, as compared with 855 (of whom 13 were Refugee Students) at the corresponding date in 1917. The figure 758 includes 12 Refugee Students who have completed their registration and paid only nominal fees; deducting these, the total is 746, which is a further decrease of 96 in the year 1917, making a total decrease, as compared with the corresponding date in 1914, of 598.

The fees received (including fees of London County Council and Board of Education Students) to January 31st, 1918, amounted to £10,692 7*s.* 2*d.*, showing a decrease of £89 17*s.* 2*d.* as compared with the corresponding date in 1917, and a decrease of £10,913 7*s.* 6*d.* as compared with the corresponding date in 1914.

GENERAL FINANCES.

Financial Year 1916–17.

The Accounts for the year (1916–17) are appended to this Report (see Appendix VI., pp. 55–67).

College Establishment Income and Expenditure Account.

Income.—The ordinary income was £55,385 6*s.* 7*d.* as compared with £56,782 3*s.* 1*d.*, a decrease of £1,396 16*s.* 6*d.*

Expenditure.—The ordinary expenditure was £60,779 3*s.* 5*d.* as compared with £61,415 5*s.* 4*d.* for the previous year, a decrease of £636 1*s.* 11*d.*

The excess of ordinary expenditure over ordinary income was, therefore, £5,393 16*s.* 10*d.* By utilising the balance in hand, and with the help of a special War Grant made by the Senate from the Treasury Grant originally allotted to the University to meet an expected deficit in the accounts of the Central Offices, the excess of ordinary expenditure over ordinary income has been reduced to £446 13*s.* 8*d.*

The *Grants* from the Treasury, the Board of Education, the London County Council, the Surrey County Council, and other bodies, are set out in the Accounts. The list of them (see

Appendix II., p. 47) shows how greatly the cost of the educational work done by the College exceeds the amount of fees paid by students, more especially during the present financial year, when the fee revenue is so greatly reduced.

Subscriptions and Donations (see Appendix II., pp. 47, 48) amounted to £1,512 13*s.* 6*d.*, of which £54 8*s.* 8*d.* was for general purposes.

The General Balance Sheet.

This gives the general position at the end of the year 1916–17. In this connection attention is drawn to the letter from the Auditor (see Appendix V.). In the corresponding Balance Sheet for 1915–16, it was stated that the deferred expenditure up to that date, for which provision would sooner or later have to be made, amounted to £7,300. The deferred expenditure to the end of the Session 1916–17 amounts to £8,800. The items which make up this total are as follows:—Repairs and General Maintenance of Buildings, £2,650; Re-wiring of North Wing, £1,000; Re-heating of North Wing, £1,500; Departmental Apparatus, £1,850; Libraries, £1,800.

The Current Financial Year (War Estimates). 1917–18.

The Estimates for the current financial year have been approved by the Senate, and show an anticipated excess of expenditure over income amounting to £8,466, making, with the deficit for the Session 1916–17 (£446), a total deficit of £8,912. The College Committee hope that further assistance may be obtained from H.M. Treasury in the Government financial year. They feel that the claim of the College to additional public support under the present circumstances is well founded. Owing to the public-spirited action of the Academic and Administrative Staffs, it has been possible to maintain the efficiency of the College during the War at a very much reduced expenditure. Not only has the normal work of the College been carried on as far as required by the number of students in attendance, but a very large amount of War work, as is indicated elsewhere in this Report, has been provided.

The College Committee desire to record their appreciation of the help that the friends of the College have given in providing special donations to meet the existing abnormal difficulties. They again invite them to assist in this manner.

Reference was made last year to the urgent works to which the Equipment and Endowment Fund Committee were directing their

attention. The two most urgent objects for which assistance is needed are the following :—

	£	s.	d.	£	s.	d
(*a*) Chemical Laboratories :						
(i.) Balance required for ordinary equipment	4,000	0	0			
(ii.) Equipment of Physical and Electrical Chemistry Laboratory	10,000	0	0			
(iii.) Development of Research Work	6,000	0	0			
	20,000	0	0			
Promised by Sir Ralph Forster on condition that the remainder of the sum required is raised 5,000 0 0						
Other gifts received 1,161 14 0	6,161	14	0			
Balance to be raised				£13,838	6	0
(*b*) Great Hall :						
(i.) Purchase of All Saints' Church.	6,075	13	1			
(ii.) For reconstruction and equipment	6,000	0	0			
				12,075	13	1
Total.....				£25,913	19	1

While both of these are urgent, the College Committee desire specially to emphasize the importance of completing the fund for the Chemical Laboratories without delay.

THE COLLEGE COMMITTEE.

During the year under review the College Committee have suffered the loss, through death, of two members, Mr. Charles Hawksley and Dr. T. Lambert Mears.

Mr. Charles Hawksley was a former student of University College and had been closely associated with the College for many years. Since 1909 he had been a member of the College Committee. While taking a special interest in the advancement of the Faculty of Engineering and contributing towards its needs, Mr. Hawksley always interested himself keenly in all matters concerning the welfare of the College generally.

Dr. T. Lambert Mears, who was for many years a member of the University Senate, served on the College Committee from the incorporation of the College in the University in 1907 until his death.

Mention may appropriately be made here of the death of a former member of the College Committee, Mr. Walter Baily, whose resignation on account of advancing age and ill-health was mentioned in

the last report. The Committee received with great regret the news of Mr. Baily's death in March 1917, and adopted the following esolution:

> That the University College Committee record the deep sorrow with which they have received news of the death of Mr. Walter Baily, who was for twenty-four years intimately connected with the life of the College, and assisted its objects by generous benefactions and by unstinted devotion of his personal services as a member of the Council of University College, London, from 1893 until 1907, and of the University College Committee from 1907 until 1915; and as Chairman of the Committee of Management from 1902–1906. They desire to express their sincere sympathy with Mrs. Baily and her family in their bereavement.

Professor Oliver was appointed one of the representatives of the Professorial Board on the Committee, in place of Professor Garwood retired.

Mr. H. Keene was re-elected Acting Treasurer for the year 1917–18 during the continued absence of Mr. F. V. Schuster on military service.

REPRESENTATIVES.

The Rt. Hon. Lord Reay has been re-co-opted to represent the College on the Senate.

The Senate have appointed the following Representatives of the University in respect of University College:—

Sir Edward H. Busk on the Governing Body of the City Parochial Foundation.

Professor G. D. Thane on the Governing Body of the United Westminster Emanuel Hospital Foundation, *vice* Dr. G. Carey Foster resigned.

Mr. L. Solomon (Sub-Dean of the Faculty of Arts) one of the University Representatives on the London Day Training College Council.

The Senate have re-appointed the following Representatives of the University in respect of University College:—

The Provost (Sir Gregory Foster) and Mr. Andrew T. Taylor on the Architectural Education Committee.

Dr. Walter W. Seton on the Governing Body of the Central Foundation Schools.

The Provost (Sir Gregory Foster), the Sub-Dean of the Faculty of Arts (Mr. L. Solomon), and Professor W. M. Bayliss (in respect of the Faculty of Medical Sciences) represent the College Committee on the London Intercollegiate Scholarships Board.

The Provost (Sir Gregory Foster) has been nominated as the representative of the College Committee on the Council of College Hall, London.

The Provost (Sir Gregory Foster), Dr. F. W. Goodbody, and Mr. Raymond Johnson represent the College Committee on the Committee of Management of University College Hall.

The Provost (Sir Gregory Foster), Professor W. P. Ker, and Mr. Andrew T. Taylor were appointed to represent the College at the Conference of Schools of the University on Grants for Modern Language Teaching held in May, 1917.

The Provost (Sir Gregory Foster), the Dean of the Faculty of Arts (Professor J. A. Platt), and the Dean of the Faculty of Science (Professor F. W. Oliver) were appointed to represent the College at the Conference of Universities and University Colleges on the new Regulations for Secondary Schools, the first meeting of which was held at the College in November, 1917.

FELLOWS.

The following have been elected to the Fellowship of the College :—

Wedgwood Benn, D.S.O., M.P. Captain, First County of London Yeomanry.

Elsie Blackman, M.A. (*née* Chick). Quain Student in English.

Harriette Chick, D.Sc. Assistant to the Director, Lister Institute.

Ernest Marshall Cowell, M.D., F.R.C.S. Captain R.A.M.C.

Charles Arthur Lovatt Evans, D.Sc. Professor of Physiology in the University of Leeds. Major R.A.M.C.

David Heron, D.Sc. Secretary, London Guarantee and Accident Company.

William Howard Lister, D.S.O., M.C. (two bars), M.R.C.S., L.R.C.P. Captain R.A.M.C.

Edward Kenneth Martin, M.B., M.S., F.R.C.S., L.R.C.P. Major R.A.M.C., Surgical Registrar University College Hospital.

Edward Talbot Paris, B.Sc.

The Fellows Sub-Committee has been re-constituted during the year and a file has been instituted for the purpose of recording the names and qualifications of possible candidates for the Fellowship. It is open to members of the College Committee and of the Professorial Board and to all Fellows of the College to make entries in he file for consideration by the Fellows Sub-Committee.

PERSONS CONNECTED WITH THE COLLEGE DECEASED

(other than those who have fallen in the War).

The College Committee shared in the sorrow felt throughout the country at the death of Her Royal Highness the Duchess of Con-

naught in March 1917. The following resolution was passed by the Committee at their meeting on May 1st, 1917:—

> That the University College Committee, remembering the honour conferred upon University College by the visit of Their Royal Highnesses the Duke and Duchess of Connaught in 1893 for the opening of the new Engineering Laboratories, and by their subsequent visit to the College in 1909 for the opening of the Bazaar organised in connection with the Union Society of the College, and recalling also the assistance rendered to the College by H.R.H. Prince Arthur of Connaught in accepting the Presidency, first of the Appeal for the new Chemical Laboratories at University College, and later of the Equipment and Endowment Fund, desire respectfully to express to H.R.H. The Duke of Connaught and to H.R.H. Prince Arthur of Connaught their condolence upon the death of H.R.H. The Duchess of Connaught and their deep sense of the loss sustained by the nation as a whole through her decease.

Gracious messages of thanks were received from H.R.H. The Duke of Connaught and H.R.H. Prince Arthur of Connaught.

The College Committee record with regret the death of the following persons connected with the College:—

> Mr. G. A. Aitken, C.B., M.V.O., Assistant-Secretary in the Home Office (Former Life-Governor; Past-President of the Old Students' Association). Sir Alexander Binnie (Former Life-Governor). Dr. Henry Maudsley (Fellow and former Professor of Medical Jurisprudence). Mr. D. Naoroji (Former Life-Governor). Mr. Edwin Waterhouse (Former Life-Governor; Former Student; former Auditor of the College Accounts). Mr. R. Worsley (Former Life-Governor). Mrs. G. Carey Foster. Sir L. Starr Jameson (Former Student in the Faculty of Medicine: former Resident Medical Officer at University College Hospital). Sir Charles Holroyd, former Director of the National Gallery and Keeper of the Tate Gallery (Former Student of the Slade School; Assistant to Professor Legros for four years). Dr. Sarah Baker (Former Student; Quain Student in Botany).

THE COLLEGE ROLL OF HONOUR.

The College Committee desire to express their respectful sympathy with the families of those members of the College who have fallen in the War. The list up to the present date includes 189 names. A full record will be found in the Third Issue of PRO PATRIA and in the Second Supplement which has recently been issued.

His Majesty the King was graciously pleased to receive a copy of the Third Issue, and the following message was received through Lord Stamfordham at the October Meeting of the Committee:—

> "His Majesty notes with satisfaction the splendid war services rendered by the College, but regrets the marked addition to the list of those who have sacrificed their lives in the nation's cause."

A Memorial Service for all those connected with the University who have fallen in the War was held at the Temple Church on November 1st. The King and Queen were represented by the Lord Chamberlain; and the Vice-Chancellor, many members of the University and relatives and friends of the men who had fallen also attended. The Service was conducted by the Bishop of London, the Bishop of Kingston-on-Thames, and the Bishop of Kensington.

BENEFACTIONS AND DONATIONS.

The College Committee have to record the following Benefactions, for which they make grateful acknowledgment:—

The Worshipful Company of Drapers have renewed their grant of £500 to the University for the Biometric Laboratories at the College for the Session 1917–18.

The Chadwick Trustees have made a grant of £250 "in furtherance of the Promotion of Sanitary Science, for the purposes of the Chadwick Professorship of Hygiene and of the teaching of Municipal Engineering at University College during the year 1917–18."

The Crabb Robinson Trustees have continued to support the social and athletic life of the Students by making grants amounting to £117 10*s.*, of which £102 10*s.* was granted for the two Athletic Grounds. They have now offered to transfer the Fund to the University, and this offer has been gratefully accepted by the Senate.

Through the good offices of H.E. the Italian Ambassador, a sum of £300 a year has been guaranteed for the promotion of Italian Studies (see p. 39).

A sum of £4,500 has been raised for the institution of a Department of Scandinavian Studies (see p. 39).

Miss Gertrude Emma Mosely has made a bequest of £25, free of Death Duty, for such purposes as the College Committee may think fit.

Professor F. T. Trouton has given a sum of £60 to provide for the Physics Research Studentship awarded in July 1916 to Miss E. Collacott (now Mrs. Orson-Wood).

Mr. Carveth Read, Lecturer in Comparative Psychology, has waived the share of fees due to him so long as he continues to hold the lectureship, the money so accruing to be devoted to the benefit of the Psychological Laboratory.

Mrs. Dolley has offered to provide a sum of £50 to endow a Prize at the College in the undergraduate classes in History in memory of her husband, Professor R. F. C. Dolley, Fellow of the College, who has been reported "missing, believed killed in action." This offer has been provisionally accepted.

Other gifts received include the following:—From Mr. H. J. Harris, a sum of £20 due to him for special services rendered in the Department of Applied Mathematics and Mechanics during the Session 1916–17; from Mrs. William de Morgan, some books and articles belonging to her father-in-law, the late Professor Augustus de Morgan; from Miss Mary J. Poore, the Academic Gown, Hood, and Cap for the Degree of M.D. belonging to her brother, the late Professor George Vivian Poore.

Other gifts of books, etc. are recorded on p. 43 in the section of the Report relating to the Library.

THE ACADEMIC STAFF.

Appointments and Changes.

FACULTY OF ARTS.

Professor Frederick Brown, who has held the Slade Chair of Fine Art since 1892, intimated to the College Committee that he

did not desire to seek re-appointment after Christmas 1917, being the date at which the period of his re-appointment to the Chair would terminate.

Mr. Henry Tonks, formerly Assistant Professor in the Slade School, has been appointed Slade Professor, as from Christmas 1917.

Mr. Arthur Jones has been appointed an Assistant in the Department of History to undertake the teaching of Economic History formerly given by Mr. E. A. Fulton, who has fallen in the War.

Mr. H. S. Perera has been appointed Honorary Assistant in the Department of Phonetics.

Faculty of Science.

Mr. A. S. Firth has resigned his post as Assistant in the Department of Applied Statistics and Eugenics to undertake work in the War Trade Department at Bradford. Mr. Lindsay Ince was appointed Assistant in place of Mr. Firth, but has since resigned his appointment in order to accept a post in the Ministry of Food.

Miss Winifred Husbands has been appointed Secretary of the Galton Laboratory *vice* Miss Gertrude Jones resigned.

Mr. Gilbert Phillips resigned his post as Honorary Demonstrator in the Department of Psychology as from August 1917.

Dr. E. A. Fraser has been appointed Honorary Research Assistant in the Department of Zoology and Comparative Anatomy for the current session.

Mr. K. W. Earle has been appointed Assistant in the Department of Geology, and is undertaking the work hitherto done by Miss Edith Goodyear, who, as a Research Assistant in the Department, is doing special research work with the assistance of a grant from the Department of Scientific and Industrial Research.

Miss Mary L. Hett has been appointed Assistant in the Department of Zoology and Comparative Anatomy *vice* Dr. Katharine Parker, who temporarily gave up her teaching duties to undertake research work by means of a grant from the Department of Scientific and Industrial Research, and who has subsequently been married and has resigned her appointment at the College.

Dr. C. H. O'Donoghue resigned his position as Senior Assistant in the Department of Zoology and Comparative Anatomy in January 1918. He is shortly proceeding to Canada to take up his duties as Professor of Zoology in the University of Manitoba.

Dr. Sarah M. Baker, Quain Student in Biology, died in May 1917. The vacancy thus caused in the Quain Studentship has not yet been filled, and temporary arrangements have been made for the work in the Department of Botany hitherto undertaken by Dr. Baker.

Faculty of Medical Sciences.

Miss E. L. Ashby has been appointed a Demonstrator in the Department of Anatomy for the remainder of the current Session.

Dr. C. Lovatt Evans, who has been absent on War Service since February 1916, has resigned his appointment as Assistant and Sharpey Scholar in the Department of Physiology on being appointed Professor of Physiology in the University of Leeds.

FACULTY OF ENGINEERING.

Mr. M. Kinoshita has been appointed Research Assistant in Heating and Ventilating Engineering retrospectively as from October 1st, 1916, and for the current Session.

Temporary War Appointments.

The continuance of the War has made it necessary for further re-arrangements of work to be made to fill the places of members of the Academic Staff absent on War Service. The members of the Academic Staff and students who remain at the College have continued during the past year to co-operate loyally in overcoming difficulties. Wherever possible the Inter-Collegiate system has been extended in order to reduce expenditure and avoid the necessity of making new appointments even of a temporary character.

The following temporary appointments to replace absent members of the academic staff have been renewed for such part of the current Session as may be necessary:—French, Dr. O. H. Prior of Rugby, Miss L. W. Stone, and Miss B. Schlumberger; English, Mrs. E. Blackman (née Chick); Civil and Mechanical Engineering, Mr. H. Busbridge; Botany, Dr. E. J. Salisbury; Archæology, Professor Percy Gardner and Mr. H. G. Spearing; Applied Mathematics and Mechanics, Miss Tuck; Anatomy, Dr. C. C. Wang; Physics, Mrs. Orson Wood (née Collacott).

Mr. W. J. Whittaker, formerly Professor of English Law, has again this Session undertaken to act as deputy to Mr. G. H. J. Hurst, Reader in English Law, during his absence on Military Service.

Mr. Carveth Read, who undertook Professor Spearman's work as Grote Professor of Mind and Logic during the Professor's absence on Military Service, has again during the present term undertaken this work, in order to enable the Committee to place Professor Spearman's services at the disposal of the Board of Scientific Invention and Research. The College Committee are greatly indebted to Mr. Carveth Read for his public spirited action in this matter.

Mr. H. J. Harris was placed on the Army Reserve towards the end of last Session on account of ill-health resulting from an accident. He has been able to resume his work in the Department of Pure Mathematics, and, in addition, to act as Head of the Department of Applied Mathematics and Mechanics during the absence on Military Service of Professor L. N. G. Filon.

ADMINISTRATION.

Miss Dorothy N. Jones, B.A., has been appointed Publications Secretary *vice* Miss Edith Batho, B.A., resigned.

Miss Dorothy B. Handy has resigned her appointment as Confidential Clerk and Miss Modwena Whitehead has been appointed to fill the vacancy thus created.

Miss Elizabeth H. Woodhouse, B.A., has been appointed Senior Clerk.

Miss May Andrews resigned the office of Steward at the end of January 1918, and has been succeeded by Mrs. Catherine Young.

Miss Mabel L. Kettelwell has been appointed to the new office of Chemistry Stores Clerk.

THE WORK OF THE FACULTIES.

The report presented by the Provost at the Assembly of Faculties last July, deals with the chief events of the Session 1916–17. This report, together with the address delivered on that occasion by the Right Hon. H. A. L. Fisher, President of the Board of Education, who received the scholars, medallists, and prizemen, is printed in the Calendar for the current Session.

The work of the College continues to be greatly affected by the circumstances arising out of the War. The majority of the members of the Academic Staff who remain at the College have been occupied during the year with war work, and consequently the time and energy for research work have necessarily been greatly reduced. Notwithstanding war circumstances, however, research has to some extent continued; sufficient evidence of this will be found in the list of publications for the two Sessions 1915–16 and 1916–17, which is printed in the current Calendar.

In the course of the Session 1916–17 the various Public Lectures were attended by upwards of 6500 persons, many applications having been refused owing to the want of a larger hall for this purpose. The following is a list of the Public Lectures that have been arranged since the issue of the last Report:—

By members of the College Staff:

Professor S. D. Adshead.	"Housing Problems after the War" (Six Lectures); "Some General Aspects of Town-Planning after the War."
Professor W. M. Bayliss.	"The Problem of Food."
Professor A. R. Cushny.	"Alcoholic and Other Beverages."

Professor Spenser Wilkinson.	"The British Constitution and the Conduct of War" (Rhodes Lecture).

Considerations of public policy make it inexpedient to refer in detail to the large and varied amount of special work which has been undertaken during the year by most of the departments of the College. While the bulk of the work has fallen to the lot of the scientific and technical departments through the nature of their work, the war work has not by any means been confined to those departments. Departments of the Faculty of Arts have also been able to make their contribution to the public services during the past year. Accommodation has been provided at the College, generally in the scientific departments, for a number of Government Departments, and in many instances members of the Academic Staff have been able to co-operate actively with such Departments by giving expert advice and by serving on Departmental Committees or undertaking confidential enquiries.

The following brief summary of matters supplementary to the statement contained in the Report presented at the Assembly of Faculties is given here to make the record of the year as nearly as possible complete:—

FACULTY OF ARTS.

School of Architecture.

Reference was made in the last Report to the impending resignation by Professor Simpson of the Chair of Architecture, which he has held since 1903, and to the temporary arrangements which the Senate, on the recommendation of the Architectural Education Committee and the College Committee, made for the Session 1916–17. The continuance of the War rendered it expedient for the same arrangements to be continued, with the concurrence of Professor Simpson, for the Session 1917–18. Accordingly Professor Simpson still delivers his lectures, while delegating to the Assistant Professor, Mr. Wilkinson, such of his other duties and work as he sees fit.

The War has affected the number of students in the School of Architecture even more acutely than it has affected other departments. The number of day students during the Session 1916–17 was 14; in the current Session it is 15. The Committee, on the

recommendation of the Architectural Education Committee, felt it best to suspend for the present the Evening Classes which had been held up to the end of the Session 1915–16 with the assistance of a grant from the Carpenters' Company. In the Department of Town Planning, however, the Evening Courses have been continued, and during the Session 1916–17 three students were in attendance. Professor Adshead's course of lectures on "Housing Problems after the War" attracted a large audience. The Minister for Reconstruction, the Right Hon. Christopher Addison, presided at the first lecture.

Slade School.

Professor Tonks took up the duties of the Slade Chair at the beginning of the second term of the current session. In the absence on War Service of several of the regular assistants, Professor Brown has kindly consented to assist in the work of the School—at all events, during the second term of the current session.

Italian.

The London County Council have intimated to the Senate their willingness to provide annually a sum of £600 a year for the institution of a University Chair of Italian, tenable at University College. The Senate have adopted a scheme for the co-ordination of Italian studies in the Colleges and Schools of the University, and have communicated that scheme to the London County Council. The appointment to the new Professorship of Italian will shortly be made by the Senate. The College Committee greatly welcome the re-institution of a Chair of Italian at University College; it will be remembered that the Professorship of Italian at the College fell into abeyance with the death of Professor A. J. Butler in 1910, and the teaching of Italian has since his death been carried on by lecturers—first by Dr. Edmund Gardner and now by Dr. A. Cippico.

The financial provision for the teaching of Italian at the College has been further strengthened by the generous promise made through His Excellency the Italian Ambassador of a special provision of £300 a year to be contributed by the Italian community in London for the "development of the teaching of the Italian language and Italian literature at University College." By means of the funds thus provided by the London County Council and the Italian community in London, added to the College funds already available, it will be possible for the future Staff of the Department of Italian to consist of a University Professor, a University Reader, and an Assistant.

Dutch.

The movement which was begun last year for the development of Dutch studies in the University of London has now taken a definite form in the appointment by the Senate of a Committee for the promotion of Dutch studies under the Honorary Presidency of His Excellency the Netherlands Minister, and the Honorary Vice-Presidency of the Rt. Hon. Lord Reay. The Rt. Hon. the Earl of Selborne has been invited to accept the Chairmanship of the Committee, and the Rt. Hon. W. P. Schreiner, High Commissioner for the Union of South Africa, has accepted the Vice-Chairmanship. The Committee is a joint Committee including representatives of University College and Bedford College, and of the Dutch and South African communities in this country. It will shortly present a report as to the steps to be taken for developing Dutch studies in London.

Scandinavian Studies.

Progress has also been made in the development of Scandinavian studies through the appointment by the Senate of a Committee for the promotion of Scandinavian studies, under the Chairmanship of

Mr. Edmund Gosse, C.B. The Committee includes representatives nominated by Their Excellencies the Norwegian, Swedish, and Danish Ministers respectively, and representatives of the University. The Committee have been successful in raising a sum of £4500, of which £3000 has been contributed by the Scandinavian communities in London, and £1500 has been provided from British sources. This fund will be sufficient to provide for an initial period of three years for the maintenance of a University Professor, who will deal generally with Scandinavian studies, and a lecturer in each of the three Scandinavian Languages. The Committee have recommended the Senate to take the necessary steps for the creation of the Professorship in Scandinavian studies. Provisional arrangements for the remainder of the current session have been made by inviting Mr. Axel Gerfalk to undertake the teaching in Danish, Mr. I. Gröndahl that in Norwegian, and Dr. and Mrs. Perrett and the Rev. A. O. T. Hellerström jointly that in Swedish. The Committee have reason to think that the department of Scandinavian studies will meet with support and will help international relations.

Modern Languages.

During the Session 1916–17 Special Evening Courses in French, German, and Italian were organised for members of H.M. Forces, and were attended by 121 Officers and men. During the current Session, at the request of the War Office, an Interpretership Course in German for twenty officers has been held. The course occupied their whole time: it was successfully organised by Professor Priebsch and Mr. Palmer. All the officers satisfied the test at the end of their course, most of them attaining a high standard.

Evening School of Geography.

The teaching of Geography has been re-arranged in such a way as to provide a complete evening course leading up to the Academic Diploma in Geography. The difficulties resulting from air-raids have undoubtedly interfered greatly with the classes of the Evening School of Geography, but notwithstanding such difficulties six students have been enrolled for the present Session for the whole or part of the course.

FACULTY OF LAWS.

During the Session 1916–17 a course of lectures on "Code Napoleon" was given by Mr. G. Kaeckenbeeck, a Belgian Graduate of the University of Oxford.

FACULTY OF SCIENCE.

The Professorial Board and the Faculty of Science have devoted much time during the past year to consideration of the enquiry received from the Government Committee on Science. A report has been prepared and forwarded to that Committee.

The College Committee have continued to co-operate actively with the newly instituted Department of Scientific and Industrial Research for Great Britain and Ireland. During the year grants have been made by the Department of Scientific and Industrial Research to members of the staff and research students of the following departments:—Geology, Zoology, Civil and Mechanical Engineering, Heating and Ventilating Engineering.

The report of the Treasury Committee on the scheme of examination for Class I. of the Civil Service has been carefully considered by the Faculties of Arts and of Science, and by the Professorial Board. A

report embodying the report of the Professorial Board and recommending some changes in the proposals of the Treasury Committee has been prepared and forwarded to that Committee.

FACULTY OF ENGINEERING.

Owing to the pressure of War work, Professor Coker has been unable to take advantage of the vacations for rest, and is, in consequence, in bad health. The College Committee have granted him leave of absence until the end of the Second Term of the current Session. Mr. Guest and Mr. Goudie are carrying on his teaching work.

Reference was made in the last Report to the appointment of an Engineering Committee under the chairmanship of Sir Alexander B. W. Kennedy, to consider the steps to be taken in the matter of the re-equipment and re-construction of the Engineering laboratories. The Committee have begun their work and the proposed fund has been opened by a generous donation of £1000 from Sir Robert Hadfield. The death of Mr. Charles Hawksley, to which reference has already been made, is a severe loss to this Committee. The College Committee are glad to know that Mr. Charles Hawksley's place on the Engineering Committee will be taken by his son, Mr. Kenneth Hawksley, who was also a former student of the College.

Three public lectures on various topics of Sanitary Engineering were delivered during last Session. Particulars of the lectures are given under the head of Public Lectures (pp. 35–38).

FACULTY OF MEDICAL SCIENCES.

The outstanding feature of the year in this Faculty has been the admission of women students to the courses for the Second Examination for Medical Degrees and of the Conjoint Board. For many years women students have attended the courses for the First Examination for Medical Degrees, but have been obliged to go elsewhere for the remainder of their medical course. Under the new arrangements they can take at the College the medical course up to the Second Examination—that is to say, the whole of the course given at the College. Twenty-one women students are attending the Medical Courses during the present Session.

Professor Starling returned from Salonika last summer, and resumed his professorial duties at the beginning of the current Session. The College have expressed to Professor Bayliss their appreciation of the service he rendered to the College by acting as Head of the Department during Professor Starling's absence, and by undertaking, in addition to his own, Professor Starling's lectures.

WAR ARRANGEMENTS.

The first issue of "Pro Patria" included 665 names; the second issue (July, 1915) 897 names; the third issue (July, 1916) and the Supplement to it issued in December 1916 bring the number up to 1554. A fourth issue is in preparation and will include not less than 2500 names. Past and present members of the College whose names are not in "Pro Patria," but who are taking an active part in one or other of the Services, are invited to send full particulars to the Secretary.

Use of College Land and Buildings.

The arrangements which were reported last year as to the use of the College land and buildings for war purposes have been continued and extended during the present year. Fresh applications are from time to time received for the use of the buildings and quadrangles for Government purposes, or for military training. The College Committee have, wherever possible, met these applications by providing the accommodation required.

The Reception of Refugee Students from Belgian and French Universities.

Refugee Students from Belgian and French Universities continue to be admitted to classes either without fee or on payment of a small proportion of the fees which would be normally due. The number, however, of such Refugee Students is greatly diminished, as the majority of them have already been enrolled in the service of their countries, either for military purposes or for munitions work. The number admitted during the present session is fourteen.

Prisoners of War Help Committee.

The joint Committee of members of the Academic Staff and Students which was formed in 1915 to aid the Prisoners of War Help Committee has done most valuable work since its institution. The work of the Committee has been well maintained, despite the fact that the increased cost of food renders it necessary to make a larger contribution for each Prisoner of War. Subscriptions for parcels for twenty-seven men are now being sent in to a recognized central organization; in some of these cases entire parcels are provided. The system seems to work satisfactorily, the parcels being sent off regularly and being received regularly, judging from the cards of acknowledgment.

Camps Library Scheme.

Members of the College have also co-operated in the Board of Education Scheme for the provision of educational and other books for men in the Training Camps at home and abroad and in the British Prisoners-of-War Book Scheme.

Social Work.

Members of the College have aided in social work in connection with the War in a variety of ways. An endeavour has been made to make the lot of the convalescent soldiers in the Hospital and in the Auxiliary Hospital as happy as possible, newspapers, magazines, games, concerts and entertainments having been provided through the instrumentality of a joint Committee of the Academic Staff and the Unions.

The Cadet Corps established in connection with the St. Christopher's Working Boys' Club, under the command of Major R. H. Hammon, has proved increasingly valuable in giving military training to boys from the district.

Many of the members of the Women's Union Society have been devoting their leisure to War work of different kinds—some to

Canteen work, some to Orderly duties in hospitals, others to entertaining the wounded in convalescent hospitals. The Voluntary Aid Detachment is composed entirely of past and present members of the Society, and has continued, in conjunction with the Police, to keep vigil against Air Raids. (See also p. 45.)

The Officers Training Corps.

The Infantry Section of the Officers Training Corps, under the command of Lieut. Wilkinson, has provided military training for students under the age at which they are called up for military service. During the present Session an increasing amount of time is devoted to drills, and all male students who are passed, or who are likely to be passed, for general service have been required to join the Corps unless they produce a valid reason for not doing so. There is no longer part-time training for Artillery Cadets in connection with the College.

Lectures in France in Co-operation with the Y.M.C.A.

The College Committee have gladly co-operated with the Y.M.C.A. in their valuable scheme for securing that professors and other teachers of the British Universities shall pay short visits to France to give lectures to the troops. Dr. R. W. Chambers visited France during the Long Vacation.

THE LIBRARIES.

The accessions to the Libraries during the year amount to 4,141 volumes and pamphlets. Of this number 3,033 have been presented. These totals include 93 additions to the Mocatta Library: 41 by purchase and 52 by presentation.

Special thanks are due to the following donors:—

(1) To Lord Reay, for a large collection of books from his Library, dealing with most varied subjects, but especially strong in Asiatic History, Education, Modern European and Colonial Politics: a great number of Dutch and French books are included.

(2) To Sir John Rotton, for certain volumes of the Kew Gardens Bulletin, and for the continuation of the publications in progress that are presented by him.

(3) To Mrs. William de Morgan, for forty-two books on mathematical subjects, and eight pamphlets, belonging to the late Augustus de Morgan.

(4) To Professor W. P. Ker, for the Publications of the Percy Society.

(5) To Dr. Walter W. Seton, for four seventeenth century books bearing on Dutch poetry and music.

(6) To Professor W. M. Bayliss, for 'Scientia,' in progress.

(7) To the Executors of the late O. A. Corte, Esq., for forty books and two pamphlets on mathematical subjects.

Dr. Chambers had leave of absence for four months during the summer for lecturing and other work at the Front in connection with the Y.M.C.A. During his absence the Assistant Librarian, Mr. Offor, was in charge of the Libraries. The Sub-Librarian, Capt. Newcombe,

was absent throughout the year on military service, as was also Lieut. J. A. Wilks, Library Assistant. Mr. W. Bonser, Senior Library Assistant, was granted leave of absence from December, 1917, to undertake special work at Boulogne in connection with the British Red Cross Society. R. Blackall, Library Attendant, was wounded in the summer and has had his right arm amputated. It is hoped that he will ultimately be able to resume his duties.

The Library has again been indebted to Mrs. Pollard for voluntary assistance.

The proposed exchange of certain sections of the Oriental Library with the School of Oriental Studies, London Institution, necessitated additional help for the Library Staff. A small number of Indian text-books, grammars and dictionaries have been lent to the School as a matter of urgency. A list has been prepared of the Oriental books that can be transferred to the School as soon as the details of exchange have been settled.

Provision has been made for a section dealing with Colonial History. The Engineering and Law text-books in the General Library have been re-arranged and press-marked.

The cataloguing of the books presented by Lord Reay has been begun.

The steel shelves in the New Strong Room have been utilised for housing a large part of the College collection of pamphlets.

During the Session 1916–17, 97 Students held keys of the Science Library, and 184 of the different Arts Libraries. The number of books issued for home reading was 3,952.

EVENING AND VACATION LECTURES AND MEETINGS.

During the past Session the College was open on five evenings in the week for the purpose of special work, mainly of a post-graduate character; during the present Session, however, it has been deemed advisable to transfer as much as possible of the evening work to Saturdays, on account of difficulties incidental to air-raids and the darkening of the streets.

The meetings of the Philological Society, the Geologists' Association, the Jewish Historical Society, the Folk Lore Society, and the Law Students' Society are held regularly in the College.

In addition to these Societies, a number of other learned Societies, including the Classical Association, the Modern Language Association, and the School Nature Study Union, have met from time to time at the College. In January, the Sixth Annual Conference of Educational Associations was held at the College. The annual meetings of the Historical Association were also held at the College in the same month.

STUDENTS' SOCIETIES.

The continued depletion in the number of men students has naturally made the past year one of increasing difficulty for the Union Society. Any activity in the Athletic Clubs would in any case have been impossible, apart from the fact that the athletic ground at Perivale has been taken over by the Lands Branch of the War Office for aviation purposes. Notwithstanding these difficulties, it has been found possible to revive the Tennis Club, the

Boxing and Gymnastic Clubs, and the Debating Society. The Foundation Oration was delivered in March by Sir Walter Raleigh, Fellow of the College, on "The Faith of England." At Christmas, an Entertainment was given in conjunction with the Women's Union Society to the wounded soldiers from the Hospital Annexe; a most successful programme was carried out entirely by members of the two Union Societies.

The Women's Union Society this Session numbers 233. The admission of women students to the Medical Courses has increased the numbers of the Society, and has added a very strong and active element. All the activities of the Society have been carried on during the year as usual. The Society arranged a course of Public Lectures dealing with "Some Aspects of Women's Work during the War and after." The members of the Society have engaged largely during the vacations in War work of various kinds. During the Easter Vacation of 1917, 10 women students worked for a month at the Horticultural College, Studleigh, while, during the Summer Vacation, work was undertaken on farms by 24 members; 55 volunteers have already been obtained for flax-pulling during the next Summer Vacation. The Women's Boating Club won the Senior Cup for Boating and for Swimming in the University Athletic Union competition; the Club also won for the third time in succession the Intercollegiate Boating Sports.

The activities of the Dramatic Society have been fully maintained. A performance of "The Night of the Kings," being Mr. Clifford Bax's translation of a dramatic poem by Dr. Antonio Cippico, and of "Spreading the News" by Lady Gregory was most successfully given last month.

The Old Students' Association has again this year been obliged to restrict its activities to a Luncheon in the College on Saturday, December 8, the attendance at which was, under the circumstances, satisfactory.

The Social Section entertained wounded soldiers from the Hospital and Annexe to tea on Saturday, May 19th, one of the features of the afternoon being a Lantern Lecture by Professor Collie on his Explorations in the Canadian Rockies.

A Physiological Society has been started by students of the Faculty of Medical Sciences.

THE PEEL FUND.

The income of the Peel Fund was expended in grants for the purchase of books made to the following Institutions:—

The Workers' Educational Association, London District Council (for the purchase of lantern-slides), £5. The Workers' Educational Association, Midland District (towards the purchase of a lantern), £5. The London Hospital Nurses' Library, £5. The Institute, Bugle, Cornwall, £4. The Working Men's Institute, Lostwithiel, Cornwall, £4. The Nether Thong National School, near Huddersfield, £4. The Literary and Scientific Institute, Newport, Salop, £3. The Workers' Educational Association, Ilford Branch, £2.

THE SENATE OF THE
UNIVERSITY OF LONDON.

GENTLEMEN,

In sending you the Accounts of the College for the year ending 31st August last, to which I have appended my certificate in the same form as last year, I think it may be well to draw special attention to the debit balance on the Income and Expenditure Account.

Last year there was a credit balance of £2,847 and a note was added to the effect that it was intended to use this sum in part payment of deferred expenditure on repairs and upkeep, which was then estimated to amount to £7,300.

It has now been necessary to bring in this sum of £2,847 to help to meet the excess of expenditure over income for the past year, but I desire to point out that the deferred expenditure will still remain to be met and that the total required in this respect is considerably in excess of the amount mentioned a year ago. The increase is due to two causes, viz.:—

1. The deferring of further expenditure which would naturally have taken place in the year 1916–17;
2. The fact that the previous estimates must be revised in view of the great increase in the cost of all building works.

The latter cause makes it almost impossible to give a reliable estimate of the total sum which will now be required to meet the deferred expenditure; but it is none the less necessary to bear it in mind whenever the financial position of the College is under consideration.

Yours faithfully,

(Signed) H. J. MORLAND.
